

Environmental, Health and Safety Policy

Under the 'One Curtiss-Wright' vision, we are striving to become an integrated, market-facing global diversified industrial company. Managing all aspects of our operations in a safe, healthy and environmentally sustainable manner is integral to the achievement of our 'One Curtiss-Wright' vision.

The following environmental, health and safety commitments guide the daily actions of all employees and every level of Curtiss-Wright management:

Compliance

We comply with all applicable environmental, health and safety laws and regulations.

Incident Prevention

We believe that all incidents, accidents and workplace illnesses are preventable.

Health and Safety

We are committed to maintaining a safe and healthy workplace through hazard reduction and risk management to prevent injuries and illnesses.

Environment

We protect the environment by conserving energy and water, minimizing waste and emissions, and promoting recycling and renewable energy use to reduce adverse environmental impacts.

Continuous Improvement

We measure our environmental, health and safety progress and strive for continuous performance improvements.

Business Integration

We consider environmental, health and safety impacts when making business and operational decisions.

Stakeholder Relationships

We maintain an open dialogue with our employees, customers, communities and other key stakeholders regarding environmental, health and safety issues.

We implement these environmental, health and safety commitments through our 'One Curtiss-Wright' EHS Management System.
